

### 1. Operating Ambient Temperatures

Operating temperature: +32 to 104°F (0 to 40°C)

Storage temperature: -13 to +160°F (-25 to +70°C)

Relative humidity: 5% to 90%, non-condensing

### 2. Warranty

Our product warranty is limited only to the unit itself, when used normally in accordance with the operating instructions and the system environment. We are not liable for damage or loss resulting from the use of this product, or for any claim from a third party. We are not liable for problems with Nexvoo device arising from the use of this product; we are not liable for financial damages, lost profits, claims from third parties, etc., arising from the use of this product.

### 3. Explanation Of The Symbols DC

·Symbol is the DC voltage symbol.

·WEEE Warning symbol

To avoid the potential effects on the environment and human health as a result of the presence of hazardous substances in electrical and electronic equipment, end users of electrical and electronic equipment should understand the meaning of the crossed-out wheeled bin symbol.

Do not dispose of WEEE as unsorted municipal waste and have to collect such WEEE separately.

### 4. Restriction Of Hazardous Substances Directive (ROHS)

This device complies with the requirements of the EU ROHS Directive.

Statements of compliance can be obtained by contacting [support@nexvoo.com](mailto:support@nexvoo.com).

### 5. Safety Instructions

Save these instructions. Read these safety instructions before use!

#### General Requirements

Before you install and use the device, read the safety instructions carefully and observe the situation during operation.

During the process of storage, transportation, and operation, please always keep the device dry and clean, avoid collision and crash.

Please attempt not to dismantle the device by yourself. In case of any discrepancy, please contact the appointed maintenance center to repair.

Please refer to the relevant laws and statutes while using the device. Legal rights of others should be respected as well.

## Environmental Requirements

Place the device at a well-ventilated place. Do not expose the device under direct sunlight.

Keep the device dry and free of dusts.

Do not place the device on or near any inflammable or fire-vulnerable object, such as rubber-made materials.

Keep the device away from any heat source or bare fire, such as a candle or an electric heater.

## Operating Requirements

- Do not let a child operate the device without guidance.
- Do not let a child play with the device or any accessory to avoid accidental swallowing.
- Please use the accessories provided or authorized by the manufacturer only.
- Please use the provided surge protection power socket only.
- Before plugging or unplugging any cable, make sure that your hands are completely dry.
- Do not spill liquid of any kind on the product or use the equipment near water, for example, near a bathtub, washbowl, kitchen sink, wet, and basement or near a swimming pool.
- During a thunderstorm, stop using the device and disconnect the power supply and USB connection line to avoid lightning strike.
- If the device is left unused for a rather long time, disconnect it from the power supply and unplug the power plug.
- When there is smoke emitted from the device, or some abnormal noise or smell, disconnect the device from the power supply, and unplug the power plug immediately.
- Contact the specified maintenance center for repair.
- Do not insert any object into equipment slots that is not part of the product or auxiliary product.
- Before connecting a cable, connect the grounding cable of the device first.
- Do not disconnect the grounding cable until you disconnect all other cables.

## Cleaning Requirements

- Before cleaning the device, disconnect it from the power supply.
- Use a piece of soft, dry and anti-static cloth to clean the device.
- Keep the power plug clean and dry.

## 6. Troubleshooting

Q: The unit cannot supply power to Nexvoo device.

A1: There is a bad connection with the plug.

- (1) Clean the plug with a dry cloth.
- (2) Connect it to another wall outlet.

A2: The usage environment is out of operating temperature range.

(1) Use in the operating temperature range.

A3: The cable between the unit and the Nexvoo device is connected incorrectly

(1) Connect the cable correctly.

A4: You cannot connect the cable properly.

(1) You may have connected a wrong Nexvoo device.

(2) Use the correct power supply.

A5: Some dust, etc., may be in the port

(1) Clean the port

Contact your dealer or authorized service facility for any further questions.

## 7. FCC Caution

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and

(2) this device must accept any interference received, including interference that may cause undesired operation.

**Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.**

**Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

-Reorient or relocate the receiving antenna.

-Increase the separation between the equipment and receiver.

-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

-Consult the dealer or an experienced radio/TV technician for help.

## 8. RF warning for Portable device

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

## 9. Copyright

Except where expressly stated otherwise, no use should be made of the Documentation, Software, Hosted Service, or hardware provided by Nexvoo.

All content the documentation, Hosted Service, and the product provided by Nexvoo including the selection, arrangement and design of the content is owned either by Nexvoo or its licensors and is protected by copyright, and other intellectual property laws including the sui generis rights relating to the protection of databases. You may not modify, copy, reproduce, republish, upload, post, transmit or distribute in any way any content, in whole or in part, including any code and software unless expressly authorized by Nexvoo.

Unauthorized reproduction, transmission, dissemination, storage, and or use without the express written consent of Nexvoo can be a criminal, as well as a civil offense.

## 10. Third Party Components

“Third Party Components” means certain software programs or portions thereof included in the Software or Hosted Service may contain software (including open source software) distributed under third party agreements (“Third Party Components”), which contain terms regarding the rights to use certain portions of the Software (“Third Party Terms”). As required, information regarding distributed Android source code (for those products that have distributed Android source code) and identifying the copyright holders of the Third Party Components and the Third Party Terms that apply are available in the products, Documentation or such successor site as designated by Nexvoo. The open source software license terms provided as Third Party Terms are consistent with the license rights granted in these Software License Terms, and may contain additional rights benefiting you, such as modification and distribution of the open source software. The Third Party Terms shall take precedence over these Software License Terms, solely with respect to the applicable Third Party Components to the extent that these Software License Terms impose greater restrictions on you than the applicable Third Party Terms.

**Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.**
